Brand and graphic designer with five years building visual identities, campaign creative and digital media, and a marketing officer's understanding of how design drives positioning and demand. I take a brand from strategy to finished asset — logo systems, print and social graphics, video, 3D visualisation — and have led a 50+ person creative and content team. Looking for a design-led role where craft and brand thinking carry equal weight.

EXPERIENCE

Marketing Officer

Jul 2026 – Present

African Holding Group · Addis Ababa, ET

- Produce all campaign creative in house — brand assets, product visuals, print and social graphics, short-form video — replacing agency briefs with direct design ownership.
- Keep voice and visual identity consistent across every channel and business line for the group's social and digital presence.
- Translate market and competitor research into positioning and messaging that shapes each campaign's creative direction.
- Develop campaigns end to end — concept, channel mix, creative production, calendar and post-campaign review.
- Design client-facing proposal and event material supporting sales and promotional activity.

Digital Strategy Intern

Jan 2026 – Jul 2026

Great Commission Ministry Ethiopia · Addis Ababa, ET

- Contributed to digital strategy for education, outreach and capacity-building programmes, from planning through to published content.
- Supported marketing and communication efforts including product promotion and audience engagement strategy.
- Helped organise and deliver skills bootcamps and trainings on digital tools and media.
- Coordinated projects and mobilisation across teams and external stakeholders.

Brand & Graphic Designer

2022 – Present

Independent / Freelance · Addis Ababa, ET

- Design brand identities and logo systems for businesses and organisations, from client goals to a consistent, recognisable mark and guidelines.
- Produce campaign material — posters, social graphics, print collateral — on deadline and to brand across a range of client industries.
- Deliver 3D visualisation and rendering for interior and furniture clients, translating concepts into presentation-ready imagery.

Digital Media Head & Social Media Manager

Jul 2024 - Sep 2024

HALE Inclusive Network · Hawassa, ET

- Led the organisation's digital media strategy and ran its social channels, lifting engagement over the internship.
- Wrote and designed campaign content advocating human rights and inclusion for a mixed public and partner audience.

- Supported drafting, modelling and site planning, and contributed to client presentations and project proposals.

LEADERSHIP & VOLUNTEER

Digital Team Lead

Christian Fellowship, Hawassa University · Hawassa, ET

- Led a 50+ member media and content team, coordinating video production, graphic design and social campaigns as one publishing operation.
- Built a consistent, active channel presence — announcements, recorded talks, social posts — reaching audiences well beyond the campus.

First Digital Head

Hawassa University Student Union · Hawassa, ET

- Created the role and built the Union's digital identity from nothing — official logo, communication materials and a visual system still in use.
- Used design and media strategy to raise student engagement with Union initiatives.

Founding Member

Little Hearts Club · Hawassa, ET

- Co-founded a student-led charity for vulnerable children and designed its brand identity, banners and fundraising campaign material.
